

MAT142 College Mathematics

**Do you suffer from Test Anxiety
and/or Math Anxiety???**

If so, increase your chances of success by signing up for this project-based math class. Work your way through the course material by using the internet to complete projects based on Microsoft Office (Word and Excel).

Demonstrate your knowledge via PowerPoint Presentations, Poster Boards, Speeches and Proposals. Be rewarded for your hard work, not just performance on tests.

***** No Tests *** No Books *** No Online HW Systems *****

Save Money

Save Time

Prevent Frustration
